

**Advancing Faith,
Inspiring Futures.**

Please Invest in our Sacred Mission!

Scecina has been and continues to be a life-changing touchpoint of faith, education, and community to so many families. Each day, we faithfully welcome and serve our students, who are the keys to a bright future for our Church and our world.

Please reflect on our 2025-26 Scecina Fund priorities and how you may be able to help our students. Throughout the year, we will invite our community to help these young people continue to grow through your prayer and financial support. Please know that every gift, regardless of amount, truly supports our students now and into the future.

Thank you!

A handwritten signature in black ink that reads "Joe Therber". The signature is fluid and cursive, with the first name "Joe" and last name "Therber" clearly legible.

THE SCECINA FUND 2025-26 GOAL
\$1.28 MILLION

THE SCECINA FUND 2025-26 GOAL

\$1.28 MILLION

The Sccecina Fund is our annual appeal inviting alumni and friends to contribute financial gifts in support of our students and educators.

Your generous investment in The Sccecina Fund for 2025-26 will help fund the following ministry priorities.

Catholic Culture

Your generosity helps build a vibrant Catholic school community rooted in the belief that every person has God-given dignity and potential. This belief shapes our classes, activities, events, and relationships. Students take theology courses each year, serve others through community service projects, attend Christian retreats, and frequently worship in our new chapel.

Academic Excellence

Every student deserves the opportunity to succeed—whether the next step is college, a career, the military, or a certification program. We prepare students for life with academic rigor, real-world experience, and individualized support.

- Our challenging curriculum aligns with Indiana graduation requirements and academic Honors Seal opportunities across a range of subjects including math, science, English, computer science, and world languages, as well as Advanced Placement and dual-credit courses for college credits.
- Career and technical education: Students explore careers, gain workforce skills, and earn industry certifications while meeting Indiana graduation requirements. Programs include hands-on learning and professional credentials through workforce training partnerships.
- Special services: Language support and learning difference programs offer tailored resources for English learners and students with learning needs.

Tuition Assistance

You are instrumental in making a Scecina education possible for our families. Your support provides assistance to nearly every student through merit scholarships and need-based financial aid. Many of our aid applicants are unable to make a single tuition payment.

Student Life

Your financial gifts provide experiences beyond the classroom in sports and extracurricular clubs and activities such as the musical and theatrical arts, student government, and more. Students learn service, discipline, teamwork, and leadership while developing their God-given talents.

Care of our Campus

The **Our Faith, Our Journey, Our Time** capital campaign funded construction of major projects that the whole community is enjoying. But our work isn't done. We must continue maintaining these new facilities and invest in the rest of the physical campus so we can enhance student and visitor experiences for years to come.

Every Gift Makes a Difference!

Every contribution, no matter the amount, makes a lasting impact. Scan the QR code or visit scecina.org/giving to learn about the ways to give.
